The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 21, 24-33, 37 and 38 are rejected under 35 U.S.C. 102(b) as being anticipated by Kathyama et al EP034492.

The rejection of record is maintained; contrary to applicants remarks, the rejection continues to apply, as film inhibitor, is identified only as alkali metal or alkaline metal, WHEN PRESENT-its' still optional in claim 21.

Claims 22, 34-36 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's arguments filed 6/30/04 have been fully considered but they are not persuasive. Claim 34 is still dependent on 21; 21 has optional film inhibitor.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
